

**New Hope Community Church
Small Group Homework**

**The Path Principle
Destinations-part one**

(For the week of February 7th, 2010
(Questions and Scriptures for further study))

1. Do you agree with **The Path Principle**? (Your direction, not your intention, determines your destination.) How have you seen this principle at work in your: marriage, family, job, finances, physical health, relationship with God?
2. Describe a time when you thought you were taking a shortcut in life, only to discover that it led to a dead end.
3. Read Psalm 16. What is the path mentioned in verse 11? To what destination does the path lead? Is that a destination you would like to reach? If so, what do you need to do?
4. Read Psalm 119:105-112. How does the Bible illuminate your life path? Give specific answers if possible. If you can, share stories or verses from the Bible that help you decide your path. How does your current use of the Bible make it a “lamp” for your feet? What can you change to make your use of Scripture more effective?
5. Where would you like to end up in your life? (Name two or three specific goals.) What path do you need to follow to get to that destination? How can your small group pray for you in this area?
