For the week of March 7th, 2010
(Questions and Scriptures for further study)

1. Pastor Russ shared the story of David's response to dreams that don't come true. To see a similar story about Moses, read Exodus 2:11-15. What happened when Moses tried to take things into his own hands? Read Exodus 3:1-12 and 15:1-2. What new dream did God give to Moses? Consider how much 'leaning on God' Moses needed in order to fulfill that dream.
2. Has there been a dream in your life that you have had to realize is not going to come true? What was your reaction? Is there a dream right now that seems to be slipping away? Pastor Russ asked: What is your mode when it looks like your dreams aren't going to come true? How is that working for you?
3. Read Psalm 42. This song shows the great distress we sometimes face in life and it teaches a proper response. What is the author's initial response to the pain? Where will the author find strength? Would this response be of help to you in your life?
4. David needed to remember how God had been faithful in the past. Spend a few minutes and write down times God has been faithful to you.
5. Read (and memorize) Proverbs 3:5, 6. What would this like, specifically, in your life? What do you need to change in order to have this level of trust in the Lord?
